

Landscaping and Garden Bed Maintenance

Let us maintain your yard and garden on a regular, consistent schedule

- Hand weed and prune shrubs on a regular schedule as established by your preferences
- Mulch installation done correctly according to your requirements and budget
- Deadhead and stake perennials
- Leaf and twig pickup
- Debris removal
- General check of your house and grounds on each visit

When you choose Greenleaf to care for your landscape and garden beds you get more than just a landscape maintenance company.

We are interested in learning and adapting to YOUR style so our services can be individualized to meet your needs. We create a unique maintenance program specific for your property and will work in concert with your existing providers.

Our annual service begins with a clean up, generally in the spring. Regular maintenance continues throughout the season on a pre-determined schedule and concludes in late fall with a final clean up and winter preparation of appropriate plants.

Let us take the worry out of how and when to care for your yard and garden investment.
